

Aufgabe 1

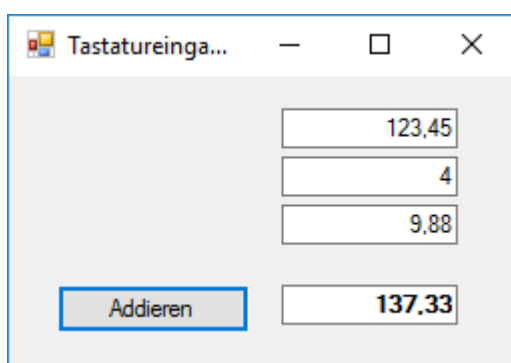

Aufgabe 2

Aufgabe 3

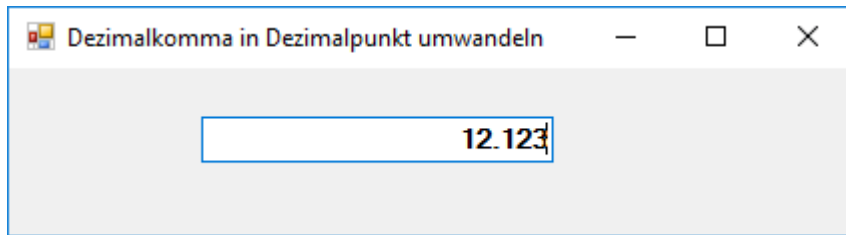

Aufgabe 4

Zeichen ungleich 0 bis 9 werden ignoriert. Das Komma ist zulässig.

Aufgabe 5

The image shows a screenshot of a small application window with a light gray title bar. The title bar contains a small icon on the left, followed by the text "Dezimalkomma in Dezimalpunkt umwandeln", and standard window control buttons (minimize, maximize, close) on the right. The main area of the window is a solid light gray color. In the center of this area, there is a white rectangular text input field with a thin blue border. Inside the input field, the number "12.123" is displayed in a black, sans-serif font. The cursor is positioned at the end of the number, to the right of the last digit "3".
